

Instructions to Prepare a One Page Abstract for the X International Conference on Computational Methods for Coupled Problems in Science and Engineering - Coupled Problems 2023

First **A. Author***, Second **B. Author[†]** and Third **C. Author[†]**

* Centre Internacional de Metodes Numerics en Enginyeria (CIMNE)
Universidad Polit cnica de Catalu na
Campus Norte UPC, 08034 Barcelona, Spain
e-mail: congreso@cimne.upc.edu, web page: <http://www.cimne.com/>

[†] Computational Structural Mechanics Association (CSMA)
ENS Paris Saclay - Laboratoire LMT - 61 avenue du Pr sident Wilson - F-94235 CACHAN
web page: <https://csma.asso.univ-lorraine.fr/>

ABSTRACT

People interested in submitting a contribution to **COUPLED 2023** are requested to submit electronically a one-page abstract no later than **February 3, 2023**. Abstracts should briefly outline the main features, results and conclusions as well as their general significance, and contain relevant references.

The abstract must be converted to Portable Document Format (PDF) before submission through the Conference web site.

The abstract has to be written in English with Times-Roman letters. The number of lines of the abstract body should not exceed 300 words.

The abstract must contain the full name and full address of author/s. In the case of joint authorships, the name of the author who will actually present the paper at the Congress should be indicated with an asterisk. Abstracts can only be accepted on the understanding that the work will be presented at the Conference.

For any further request, please contact the Secretariat
