

Knut-Andreas Lie is Chief Scientist and Research Manager for the Applied Computational Sciences group at SINTEF Digital in Oslo, Norway, and Professor II at the Norwegian University of Science and Technology (NTNU). He holds an MSc in Industrial Mathematics (1993) and a PhD in Industrial and Applied Mathematics (1998) from NTNU. His research focuses on the development of numerical methods and algorithms for simulation of flow and transport in porous media and other geoscience applications. He is the founder of the widely used MATLAB Reservoir Simulation Toolbox (MRST) and a co-founder of the Open Porous Media (OPM) initiative. Dr. Lie is a Fellow of the Society for Industrial and Applied Mathematics (SIAM) and a member of the Norwegian Academy of Technological Sciences (NTVA).
