Tradition Tour

Experience an unforgettable visit to Viña Santa Catalina, where dedication to winemaking is reflected in every detail. Just 40 minutes from Santiago, the journey begins with a sparkling welcome and concludes with the tasting of the iconic Ícono 1922, offering a refined journey through flavour and landscape.

Immerse yourself in the essence of Santa Catalina as you walk through its vineyards, learn about the winemaking process in the century-old cellar, and visit the barrel room—an intimate space shaped by history, craftsmanship, and tradition.

The tasting includes a carefully selected range of wines, from sparkling to Ícono 1922, each paired with local delicacies that enhance their aromas and flavours. To mark the occasion, each guest receives a special memento of their visit.

Before returning, guests are invited to explore the Wine & Souvenir Shop, where a selection of exclusive products offers a final opportunity to take a piece of the experience home. A quiet tribute to the excellence of Chilean wine.
