

# INVITATION TO THE INAUGURAL INTERNATIONAL *CAREER FAIR IN COMPUTATIONAL ENGINEERING*

23-24 July 2026 • Munich, Germany

# CFCE2026

## Why Your Company should not miss this unique Opportunity:

- Access to top global talent in “digital engineering”
- Global reach far beyond typical university / local fairs
- Embedded in WCCM-ECCOMAS 2026
- Exceptional visibility at a mega-congress of up to 5,000 attendees
- Direct access to the next generation of innovators
- Spotlight on AI, ML & Digital Twins
- Sustained visibility beyond the Congress

# CFCE 2026 – Invitation

We are pleased to invite you to showcase your company at the inaugural international **Career Fair in Computational Engineering (CFCE)** – a premier recruiting and visibility event embedded within one of the world’s largest and most influential congresses in computational science and engineering.

## ★ Why Your Company Should Participate

- **Access to top global talent in “digital engineering”**

Meet outstanding candidates with cutting-edge expertise in **computational methods, AI/ML, data-driven engineering, simulation, computer science, applied mathematics, natural & life sciences, medicine**, and more. CFCE brings together exactly the profiles that drive innovation in today’s R&D and high-tech industries.

- **Global reach far beyond typical university / local fairs**

Unlike local or national recruiting events, CFCE connects you directly with **graduate students, postdocs, and early-career scientists from leading universities and scientific institutions worldwide**—all gathered in one place and actively seeking career opportunities in industry.

# CFCE 2026 – Invitation

- **Embedded in WCCM–ECCOMAS 2026**

CFCE is organized within the framework of the **17<sup>th</sup> World Congress on Computational Mechanics** and the **10<sup>th</sup> European Congress on Computational Methods in Applied Sciences and Engineering** – the first time these flagship events unite in Germany.

- **Exceptional visibility at a mega-congress of up to 5,000 attendees**

WCCM–ECCOMAS 2026 is anticipated to be **one of the largest events ever held** in this field, offering your company unparalleled exposure to international experts and future leaders in computational engineering.

- **Direct access to the next generation of innovators**

These congresses traditionally attract up to **50% early-career researchers**. With a special 2026 focus on **Next Generation Talent**, this ratio is expected to be even higher – making CFCE the ideal place to engage with young innovators before your competitors do.

# CFCE 2026 – Invitation

- **Spotlight on AI, ML & Digital Twins**

More than **400 Minisymposia** cover the full breadth of computational engineering – with **50+ focused on Artificial Intelligence or Machine Learning** and **~20 dedicated to Digital Twins**. This ensures that you will meet candidates with the exact digital skills and interdisciplinary mindset that industry urgently needs.

- **Staying visible far beyond the Congress**

CFCE will not only attract congress participants but will also be open to graduate students and postdocs **from all Universities and Research Institutions in the larger Munich area**.

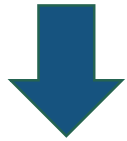

In addition, all participating companies will remain on the **CFCE webpage that will be permanently linked by the hosting Scientific Associations** (International, European, German), i.e. **you stay visible as potential employer to top talents from all over the world** far beyond the congress.

# PARTICIPATION CATEGORIES

The participation in the **CFCE2026** offers  
a large spectrum of benefits:

**STANDARD  
PARTICIPATION  
2.500 EUR**

**PREMIUM  
PARTICIPATION  
3.500 EUR**

**CUSTOMIZED  
PARTICIPATION**

## STANDARD PARTICIPATION

- The Company will have a standard exhibition space (size: 3m × 2m, 1 table + 2 chairs, 1 waste bin, Carpet, 2 LED Longarm spots, two poster stands)\*
- Access to the pool of CFCE2026 participants and WCCM-ECCOMAS2026 delegates
- One full complimentary registration for one company representative at the WCCM-ECCOMAS2026 Congress\*\*
- Company logo displayed (within and beyond Congress): :
  - On Congress and CFCE websites (Exhibitor Section, Programs and mobile apps)
  - In the printed Program Booklet
  - On the main hall Sponsor Banner
  - On-site signage (Exhibitors List)
  - Mentions across Congress and CFCE2026 social media channels
  - In IACM *Expressions* Magazine
  - In IACM, ECCOMAS and GACM official websites for one more year

(\*) Customized booths available on request

(\*\*) The complimentary registration includes Congress documentation, access to the Welcome Reception and to the refreshments offered during the coffee breaks. Participation with a paper to the Technical Sessions requires the standard submission of an abstract for approval by the Congress Scientific Committee.

## PREMIUM PARTICIPATION

- The Company will have an extended exhibition space (size: 3m × 4m, 1 table + 2 chairs, 1 waste bin, Carpet, 2 LED Longarm spots, two poster stands)\*
- Access to the pool of CFCE2026 participants and WCCM-ECCOMAS2026 delegates
- Two full complimentary registrations for two company representatives at the WCCM-ECCOMAS2026 Congress\*\*
- Company logo displayed (within and beyond Congress):
  - On Congress and CFCE websites (Exhibitor Section, Programs and mobile apps)
  - In the printed Program Booklet
  - On the main hall Sponsor Banner
  - On-site signage (Exhibitors List)
  - Mentions across Congress and CFCE2026 social media channels
  - In IACM *Expressions* Magazine
  - In IACM, ECCOMAS and GACM official websites one more year

(\*) Customized booths available on request

(\*\*) The complimentary registration includes Congress documentation, access to the Welcome Reception and to the refreshments offered during the coffee breaks. Participation with a paper to the Technical Sessions requires the standard submission of an abstract for approval by the Congress Scientific Committee.
